- A. Clearly identify all grants in the financial statements and supplemental information. All grants should have the contract number as well as a meaningful title. Grants should be clearly identified on such things as the revenue schedules, the Schedule of Expenses by Contract and General Operations, and the Ineligible Expense Schedule if a grant amount is included in total eligible expenses and then must be backed out as ineligible. PTD will not accept any audit that fails to clearly identify all grants on all of the applicable schedules.
